Dear \_\_\_\_\_,

Thank you for informing us there is someone in your household using a life support system. In order for Anza Electric to provide our customers with the best service possible, our office maintains a list of all customers who currently use a life support system in their home. This list is used to notify our life support customers in the event of a planned outage. It is very important to have current phone numbers for your household. Please take the time to fill out the information below; your information could be helpful in the event of an emergency.

Please complete the questionnaire at the bottom of this page. Enclosed is a self-addressed envelope for your convenience.

If you have any questions, please contact the cooperative office.

Thank you,

Anza Electric Cooperative, Inc.
